Good Morning. Noticed lots of vehicles parked on 500 at various time. Just make sure there is enough room to get fire trucks through there as our volunteer fire department serves all rural farms and ranches around the region . That is their main egress from Coutts. Thanks!

Can you be more specific as to the location

SMS Message sent 2/6/2022 9:54:20 AM

Hey Cpl. I mentioned this to Cpl Peter when he was here, will tell you as well. Folks are concerned with the speed and stop sign ignoring exhibited by members. I know sometimes time is of the essence and we sure don't want sirens on every run ! but possibly a little more consideration would help. As you know, old and slow population, plus kids and cats. Anything you could do would be appreciated . Thanks!

Hi, retired CBSA guy resident has a question about a friend of his being kept out at checkpoint, not allowed to visit . When possible could someone give him a call ? [REDACTED] Thanks.

One of those days. Brokers wondering why courier services are being turned back. A lot of paperwork usually handled that way. Loomis, purolater, etc. During the week it would be great if they could come in and leave. Also our mail truck has not gotten through every day. Just a few .

Hi. I just spoke to command and they indicated that they are not stopping Canada post or other delivery trucks. Maybe call those companies directly.

Ok. Guessing it may be chicken drivers.

That's what we are thinking. Or afraid to get off schedule

SMS Message sent 2/6/2022 12:27:03 PM

Do you have an email address I can send a letter from council to? You may have given to me but if so I lost it. That schedule thing could be it. I'll turn it back to the brokers...
